NF-TBto11

Shipping Weight: 49 lbs
Shipping Dimensions: 30"L X 24"W X 10"H
Brand: Natural Playgrounds Company
Toxicity: child friendly wood preservative
Age Appropriateness: all ages

These reasonably priced, pretty Tree Benches are a great piece of furniture that enhances any outdoor environment, and provide beautiful, shaded resting spots for teachers and children alike.

We build them using child-friendly treated lumber for the feet, then top them with cedar seating to reduce weathering effects and splintering. Cedar is then treated with wood sealer for protection.

Comes unassembled, you merely fasten the seating panels to the feet assemblies, place the bench around your tree in sections, and install the wood screws.

Our standard tree bench is hexagonal in shape (six sided), and has a 24" center opening to accommodate trees up to that size.

If your tree is still growing!, and you want a larger opening, you MUST let us know so we can make the opening larger.

Note that there are 6 separate feet that touch the ground, so if the tree roots make the ground a little uneven, you may want to throw a little dirt under some of the legs to level the table.
