GSFD-SD2x4

Shipping Weight: 450 lbs
Shipping Dimensions: 60"L X 49"W X 24"H
Brand: Natural Playgrounds Company
Toxicity: child friendly wood preservative
Age Appropriateness: all ages

You can never have enough outside storage!

Everywhere we go, outside storage is an issue, so after experimenting with differently-sized Storage Sheds, we now offer three different ones for playgrounds.

Pictured here is our handsome, beautifully proportioned 2’x8’x5’ high Storage Shed, trimmed with white, and complete with hardware. Also available is our smaller shed 2’4’x5’ high.

We also just introduced a new-sized shed primarily for storing trikes. Its footprint measures 4’ x 8’ and is also 5 feet tall at the front of the sloped shed roof.

The smaller ones are great for use in outdoor classroom settings for storing sanitizing products, books, magnifying glasses, student assignments, loose parts for demonstrations, etc, etc.

The 2x4 stud construction inside allows you to add whatever wooden or metal shelves you want, or you can leave the inside open for storing tools, umbrellas, loose part sticks, saplings, or stacks of tree cookies.

Ships completely assembled and ready to use, nothing to put together.

Sheds must be set on flat, even surfaces (we recommend a concrete pad. If that’s not in your budget, compacted gravel or similar would also work). These then become your floor.

We can make the 4x8 shed into playhouse by adding ~2’ wide windows! Just let us know which side(s) to add the window(s). You can then customize by adding a shelf/counter inside and out to make an ice cream stand, or store for kids, or....
